

Timeline Figure—Schedule

Please enter any name or event, together with the dates that we list on your timeline.

- † indicates that there is a corresponding figure for this reference in your timeline figure packet that you can place on your timeline.
- ⊕ indicates that this is simply a suggestion you may add to your timeline, however it does not have a related figure in the packet.

You will also find references to each figure and suggestion in the corresponding Notes behind your Schedule.

Note: You will not use the figure “Edmund Hillary climbs Everest (1953)” from the Timeline figure packet. It is used in the 5-day schedule with the book *Wild Places*. Feel free to add it to your timeline anyway or discard the figure.
